## What's happening in SA?

## Big changes for driving licences in South Africa

# Here is why South Africa is the most internet-addicted country in the world

The Department of Communications and Digital Technologies has detailed an initiative to roll out over 33,000 community Wi-Fi hotspots in South Africa over the next three years.

The Department of Transport aims to roll out new digital driving licence cards in South Africa this financial year as it pushes towards greater virtualisation and automation of the Driving Licence Card Account (DLCA).
